

**MINUTES OF A SPECIAL JOINT MEETING BETWEEN  
THE CLARKSVILLE TOWN COUNCIL AND FLOOD  
CONTROL DISTRICT HELD ON JUNE 24, 2013**

A special joint meeting between the Clarksville Town Council and Flood Control District was called to order on June 24, 2013, at 6:00 P.M. in the Council Chambers of the Clarksville Municipal Center Administration Building.

Council members present: Bob Polston, Paul Kraft, Donald Tetley, Bob Popp, Tim Hauber and John Gilkey. Council Members Absent: Paul Fetter. Also present at the meeting: Town Attorney Rebecca Lockard, Director of Stormwater Tom Clevidence, Deputy Clerk Treasurer Sherry Lockard, Mike Lanham of Flood Control, Jorge Lanz of JTL, Nathan Samuel of Jeffersonville City Council, Project Coordinator Brittany Montgomery, Jennifer Bailey of Structure Point, and John Herriford and Roddy Williams of Strand Associates.

John Herriford gave a power point presentation regarding the Watershed Study Results for Cane Run and Mill Creek Flood Control Pump stations. (see power point)

Discussion was held and the consensus was that Cane Run is the bigger priority at this time, and while the goal is to complete work for both pump stations, Cane Run will more than likely be first to get the work completed. At this time, the Flood Control District is waiting on the City of Jeffersonville to give approval for bonding. The Town of Clarksville gave approval in 2012.

**Adjournment**... There being no further business to come before the Council and the Flood Control District at this time, the meeting was adjourned at 6:43 P.M.

Minutes prepared by the Clerk-Treasurer of  
The Town of Clarksville, Indiana

Minutes approved by the Clarksville Town Council  
on the 1<sup>st</sup> day of July 2013
